Independent Auditor's Report

To the Board of Directors
United Way of Washtenaw County

We have audited the accompanying statement of financial position of United Way of Washtenaw County (a not-for-profit organization) (the "Organization") as of June 30, 2012 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the Organization's 2011 financial statements and, in our report dated November 21, 2011, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Washtenaw County at June 30, 2012 and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 1 - Nature of Business and Significant Accounting Policies

Nature of Organization - United Way of Washtenaw County (the "Organization") is a not-for-profit corporation that was formed January 13, 1972. Skilled volunteers recruited by the Organization distribute undesignated funds to local nonprofits based on community needs. In addition, it distributes funds to nonprofits that are designated by the donor. The Organization's revenue is derived from voluntary contributions from the public. The Organization is governed by a volunteer board of directors.

Mission Statement - The mission of United Way of Washtenaw County is to mobilize human and financial resources to help individuals and families build better lives and stronger communities by providing leadership to identify human service needs, set priorities and action plans to meet community needs, collaborate and partner with others, and demonstrate results that matter.

The Organization provides the following program services:

Community Impact - In an effort to coordinate an approach to better meet human service needs, the Coordinated Funding Model was conceived. Together with the Office of Community Development (OCD) and the Ann Arbor Area Community Foundation (AACF), United Way of Washtenaw County developed a funding model that supports shared, community-wide strategies, focusing the attention of donors, funders, and nonprofit service providers on outcomes and stretching community resources to the greatest extent possible. Each organization brings capacity, knowledge, best practices, and experience, which results in improvements such as more comprehensive data about community needs and "one application-one review-one evaluation" process for agencies to manage rather than one per funder. Beginning July 1, 2011, approved programs that address the issues of hunger relief, housing and homelessness, access to health care, early childhood, school-aged youth, and aging will receive two-year grants. United Way of Washtenaw County will continue to fund several other programs - such as 2-1-1, Success by Six, the American Red Cross, etc. - entirely outside of Coordinated Funding. The Organization has also made sure to retain a small flexible fund to address any emerging need or opportunity that arises over the course of the year as well.

Community Service - The Organization promotes United Way contributions from union members, recruits volunteers for United Way and other nonprofits serving the community, and links families through the Community Labor Council and the AFL-CIO community services programs.

Regional Call Center 2-1-1 - The Organization provides callers with information about and referrals to human services for everyday needs and in times of crisis. United Way Regional Call Center 2-1-1 offers basic human needs resources, physical/mental health resources, employment support, support for older Americans and persons with disabilities, support for children, youth, and families, and volunteer opportunities.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

Success by Six - Washtenaw Success by Six, a Great Start project, is a program by United Way of Washtenaw County and the Washtenaw Intermediate School District to ensure all children in Washtenaw County start school ready to learn and succeed in life. The initiative develops strategies with key community leaders from business, labor, government, education, human services, health care, and other groups.

Significant accounting policies are as follows:

Method of Accounting - The financial statements have been prepared on the accrual basis of accounting, which includes recognition of revenue as earned and expenses as incurred.

Cash Equivalents - The Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Pledges Receivable - The Organization's pledges receivable, all of which are due primarily within one year, are comprised of pledges received during the period that remain outstanding at June 30, 2012. These pledges consist of amounts designated to other organizations and amounts to be used for operations.

Contribution Revenue and Promises to Give - Contributions of cash and other assets, including unconditional promises to give in the future (pledges), are reported as revenue when received and are measured at fair value. Contributions with donor-imposed time or purpose restrictions are reported as restricted support. All other contributions are reported as unrestricted support. Unconditional promises to give (pledges) with payments due in future periods are assumed to have an implicit time restriction. Those restrictions are released as contributions are collected or when allocations are made to recipient organizations based on those future collections.

Provisions for Uncollectible Pledges - The provision for uncollectible pledges is computed based upon a five-year historical average, adjusted by management's estimates of current economic factors and applied to net campaign, excluding donor designations.

Allocations to Agencies - Allocations to agencies are reported as expense when unconditionally committed to the recipient by the Organization. Allocations represent ongoing service delivery to recipients.

Designations to Agencies - The Organization receives pledges from donors designating the resources to specified agencies. The Organization collects these resources and disburses the funds to the designated agencies. Designated pledges are excluded from contribution revenue and the related disbursements to specified agencies are excluded from allocations in the statement of activities and changes in net assets.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note I - Nature of Business and Significant Accounting Policies (Continued)

Governmental Campaign - State and federal governmental campaign amounts are included in the gross campaign revenue for amounts generated locally and returned to United Way of Washtenaw County for payment as designations to locally funded agencies or for inclusion in the Community Investment Fund.

Donated Services - The Organization receives volunteer services that are not recordable under accounting principles generally accepted in the United States of America. A substantial number of volunteers have donated a significant amount of time in the Organization's fundraising campaigns and determination of the allocation of the funds raised. The value of volunteer services is not disclosed, as no objective basis is available to measure the value of such services. Donated materials are recorded at the fair market value at the time of receipt. The Organization received advertising and special event materials which totaled \$219,385 for 2012.

Property and Equipment - Property and equipment are recorded at cost when purchased or at fair value at the date of donation and are being depreciated on a straight-line basis over their estimated useful lives. Costs of maintenance and repairs are charged to expense when incurred.

Functional Allocation of Expenses - The costs of providing the program and support services have been reported on a functional basis in the statement of activities and changes in net assets. Indirect costs have been allocated between the various programs and support services based on estimates, as determined by management. Although the methods of allocation used are considered reasonable, other methods could be used that would produce different amounts.

Federal Income Taxes - Under provision of Section 501(c)(3) of the Internal Revenue Code and the applicable income tax regulations of the State of Michigan, the Organization is exempt from income taxes. The Organization is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). There were no unrelated business activities in 2012. Accordingly, no tax expense was incurred during the year ended June 30, 2012.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the organization and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. Management has analyzed the tax positions taken by the Organization and has concluded that as of June 30, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2009.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Summarized Financial Information - The financial statements include certain prior year summarized, comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's June 30, 2011 financial statements, from which the summarized information was derived.

Advertising - Advertising costs are expensed as incurred.

Concentration of Credit Risk Arising for Deposit Accounts - The Organization maintains cash balances at several institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation or covered under the Dodd-Frank Act in accordance within applicable program limits. At times balances may exceed federally insured limits.

Fair Value Disclosures - The estimated fair value amounts have been determined by the Organization using available market information and appropriate valuation methodologies. These estimates are subjective in nature and involve uncertainties and matters of considerable judgment. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Organization could realize in a current market exchange. The use of different assumptions, judgments, and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Reclassification - Certain reclassifications were made to amounts in the 2011 financial statements to conform to the classifications used in 2012.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 1 - Nature of Business and Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including November 12, 2012, which is the date the financial statements were available to be issued.

Note 2 - Investments

The fair value of investments is as follows:

Mutual funds (Note 4)	\$ 1,743,303
Community Foundation Fund (Note 4)	80,450
Certificates of deposit	<u>3,266,270</u>
Total noncurrent investments	5,090,023
Certificates of deposit - Current	<u>242,280</u>
Total investments	<u>\$ 5,332,303</u>

The fair values of investments are based on quoted market prices. Gains and losses from sales of securities are determined on a specific identification basis.

The Organization maintains an endowment investment fund comprised of investments and cash equivalents, which are separately invested. The Ann Arbor Area Community Foundation (the "Community Foundation") also maintains an investment fund for the benefit of United Way of Washtenaw, which is included in the Organization's investments.

The activity in the investment funds of the Organization and the Community Foundation for the fiscal year ended June 30, 2012 is as follows:

	<u>Investments</u>	<u>Ann Arbor Area Community Foundation</u>

Subtract nonendowment investment included in mutual funds balance (Note 10)	<u>(74,148)</u>
Total endowment balance (Note 3)	<u>\$ 1,922,004</u>

Risks and Uncertainties - The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Note 3 - Donor-restricted Endowments

The Organization's endowment funds are donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The board of directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. At June 30, 2012, the fair value of the Community Foundation endowment assets had fallen below its corpus level by \$19,675. In accordance with GAAP, a deficiency of this nature is reported in unrestricted net assets. This deficiency resulted from unfavorable market fluctuations.

Note 3 - Donor-restricted Endowments (Continued)

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 Index, while assuming a moderate level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Organization has a policy of appropriating for distribution each year 5 percent of its endowment fund's average fair value over the prior five quarters. In establishing this policy, the Organization considered the long-term expected return on its endowment.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Organization's assets measured at fair value on a recurring basis at June 30, 2012 and the valuation techniques used by the Organization to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Organization has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 4 - Fair Value Measurements (Continued)

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Organization's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Organization's policy is to recognize transfers in and transfers out of Level 1, 2, and 3 fair value classifications as of the actual date of the event of change in circumstances that caused the transfer.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 4 - Fair Value Measurements (Continued)

Realized and unrealized losses of \$1,314 for the year ended June 30, 2012 are reported in temporarily restricted net assets in the statement of activities and changes in net assets.

The fair value of investments held by the Community Foundation at June 30, 2012 was determined primarily based on Level 3 inputs. The fair value is determined by the Community Foundation, based on the fair value of the underlying assets.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized losses for these assets presented in the table above may include changes in fair value that were attributable to both observable and unobservable inputs.

Of the Level 3 assets still held by the Organization at June 30, 2012, the unrealized loss for the year ended June 30, 2012 was \$2,927, which is recognized in the decrease in temporarily restricted net assets in the statement of activities and changes in net assets.

Note 5 - Property and Equipment

The cost of property and equipment is summarized as follows:

Land	\$ 81,195
Land improvements	33,327
Buildings	1,873,457
Machinery and equipment	<u>257,959</u>
Total cost	2,245,938
Accumulated depreciation	<u>(530,015)</u>
Net carrying amount	<u>\$ 1,715,923</u>

Land improvements have a depreciable life of 5 to 10 years. Buildings are depreciated over 40 years. Equipment and furniture are depreciated over 5 to 10 years. Depreciation expense was \$84,936 for the year ended June 30, 2012.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 6 - Capital Leases

The Organization has entered into capital leases involving certain office equipment. The future minimum lease payments under capital leases as are follows:

2013	\$	20,944
2014		16,547
2015		13,030
2016		<u>4,131</u>
Total minimum lease payments		54,652
Less amount representing interest		<u>4,148</u>
Present value of net minimum lease payments	\$	<u>50,504</u>

Equipment purchased under the capital leases has been capitalized and is included in property, plant, and equipment. Depreciation of assets under capital leases is included in depreciation expense. At year end, \$87,520 has been capitalized as equipment and related accumulated depreciation was \$35,728.

Interest rates on capital leases vary from .006 percent to 9.123 percent.

Note 7 - Line of Credit

The Organization has available one unsecured line of credit, which allows the Organization to borrow up to \$500,000. Interest is payable at the bank's prime rate (3.25 percent at June 30, 2012). This line of credit is due on demand and there were no outstanding borrowings on it at June 30, 2012.

Note 8 - Pension and Other Postretirement Benefit Plans

The Organization sponsored a defined benefit pension plan covering employees who met certain minimum service requirements. Costs are computed in accordance with the projected unit credit method. Service cost is the annual cost of projected benefits for eligible employees. As of April 30, 2007, the board of directors froze the plan.

United Way of Washtenaw County

Notes to Financial Statements June 30, 2012

Note 8 - Pension and Other Postretirement Benefit Plans (Continued)

The Organization also has a plan that provides an annuity for a former employee and postretirement health benefits for certain individuals (the "Plan"). Employees are eligible to participate in the Plan if they were hired prior to January 1, 1995 and had attained their 40th birthday prior to December 31, 1995. Eligible participants and their spouses may receive benefits under the Plan after attaining age 55 as an active employee and completing 20 or more years of service with United Way of Washtenaw County or any other United Way organization. Benefits provided include comprehensive health insurance and dental insurance. The Plan specifies employee copayments and imposes limits on certain types of services provided. The Organization funds the Plan in the year in which the benefits are paid.

Pension Plan Assets

The goals of the pension plan investment program are to fully fund the obligation to pay retirement benefits in accordance with the plan documents and to provide returns that, along with appropriate funding from the Organization, maintain an asset/liability ratio that is in compliance with all applicable laws and regulations and assures timely payment of retirement benefits.

The Organization's pension plan weighted average asset allocation at June 30, 2012, by asset category, is as follows:

Asset Category	
Equity securities	60 %
Fixed income	30 %
Cash equivalents	10 %
Total	<u>100 %</u>

The target allocation of plan assets is 40-80 percent equity securities, 10-55 percent corporate bonds and U.S. Treasury securities, and 0-30 percent other types of investments.

Notes to Financial Statements June 30, 2012

Note 8 - Pension and Other Postretirement Benefit Plans (Continued)

The fair values of the Organization's pension plan assets at June 30, 2012 by major asset classes are as follows:

Fair Value Measurements at June 30, 2012

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds - Fixed income	\$ 410,208	\$ 410,208	\$ -	\$ -

Total	<u>\$ 1,236,130</u>	<u>\$ 1,236,130</u>	<u>\$ -</u>	<u>\$ -</u>

The difference between the plan assets of \$1,380,503 and total investment per fair market table of \$1,236,130 above is \$144,373 held in a deposit account not subject to fair market valuation.

The above table presents information about the pension and postretirement benefit plan assets measured at fair value at June 30, 2012 and the valuation techniques used by the Organization to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Organization's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each plan asset.
