Energy Saving Programs

Become a Partner

Everyone deserves a decent place to live - to feel strength and stability. To know we have the power to take care of ourselves and build our own futures.

By partnering with Habitat for Humanity of Huron Valley (HHHV) you bring strength, stability and self-reliance to our community. You will be restoring hope and helping break the cycle of poverty.

Your partnership improves the community we call home. **Let's build the future of our community together.**

Habitat for Humanity of Huron Valley providing energy savings opportunities!

Washtenaw County homeowners with DTE accounts may qualify for a variety of energy efficiency programs, including a Furnace Test & Tune program, which allows for the testing, and if necessary, replacement of inefficient or unsafe furnaces. Other programs include the refrigerator and LED light bulb replacement programs. Read additional information by clicking on the links below (where you can also apply online):
