**FEDERAL UPDATES**

Children’s Health Insurance Plan: CHIP covers more than eight million children nationwide. In Washtenaw County, 8,120 children are enrolled in CHIP as of January 2018. CHIP has been extended for six years. Here is a summary of the extension from the Kaiser Family Foundation.

**STATE/LOCAL UPDATES**

Medicaid: Senator Shirkey has introduced a bill to impose work requirements on Michigan Medicaid recipients, following a recent similar CMS decision. As currently written, this bill will have a very significant impact on the over 300,000 recipients of the Healthy Michigan Plan. There are very few exceptions in the bill. The bill also has positive impacts that would benefit recipients in some cases from getting back on Medicaid for a very short period of time.
