A Message from our Campaign Chair:

For nearly 100 years the United Way of Washtenaw County has answered the call to bring community together to make meaningful change happen. While we have worked hard collectively inequities in education, income and health still persist.

UWWC through its partners works hard to create a community where everyone can thrive—regardless of zip code—and make a difference. Needs like caring for our aging generation, helping hard-working single parents who are in need of childcare or

eradicating the ever-growing achievement gaps between majority and minority children. The list could go on and the need continue to grow.

We must continue to answer the call to impact the community we love, live and work. Please join me this year in answering the call!
